

Xtend Technologies - Top Rated Home Theater Specialists

We are a complete technology company, dealing in most of today's home technologies. Our goal is to deliver the highest quality products, with an emphasis on performance and value. We've been exceeding our customers' needs since 1998. As our business has grown, we've expanded our product offerings to include many more products for your consideration. See why Xtend Technologies is your one stop shop for all your home technology needs!

If you're building a new home, remodeling your existing home, or undertaking an addition, this is the perfect time to consider putting today's state-of-the-art electronics to work for you. New electronics will make your personal lifestyle easier, more convenient and far more enjoyable.

At Xtend Technologies, we have the experience and expertise required to accomplish these goals. But we have something more: the ability to show you all the possibilities and help you choose the custom-designed system that best meets your needs and budget.

Most of the time, the conversation begins with the design of a home theater system that combines sophisticated audio and video applications to take home entertainment to a new level. By combining video displays such as a plasma television or even 150" movie screens with high quality speakers, amplifiers and sound absorbent materials, we create a theater environment that will be comfortable for you and your family.

Some of the brands we carry are: Creek, Denon, Goldring, Integra, Ixos, Jamo, Klipsch, Monster Cable, Monster Power, Music Hall, Nuvo, Onkyo, Panamax, Parasound, RBH Sound, Revel, Russound, Sennheiser, Shanling, Shunyata, Sonos, Tara Labs, Totem Acoustic, Usher Audio, Velodyne, Walker Audio, Epson, JVC, LG, Panasonic, Samsung, Sharp, Toshiba, Vidikron, Runco, Belkin, Berklene, Flexsteel, Peerless, Salamander, Sanus, Stanley, Studio Tech, Universal Remote, and RTI.

We serve the Washington D.C., Northern Virginia, Maryland and Ohio markets.
